CRAFTSMANSHIP...

-HOW IT LOOKS

-HOW IT LASTS

FOR DECADES WE'VE BEEN BUILDING TACK BOARDS, DISPLAY CASES, WRITING BOARDS AND A REPUTATION FOR HIGH-QUALITY CRAFTED PRODUCTS THAT LAST.

WE START WITH THE HIGHEST QUALITY COMPONENTS, SUCH AS :

- *ALUMINUM EXTRUSIONS WITH CLOSE TOLERANCES AND UNIFORM ANODIZED FINISH

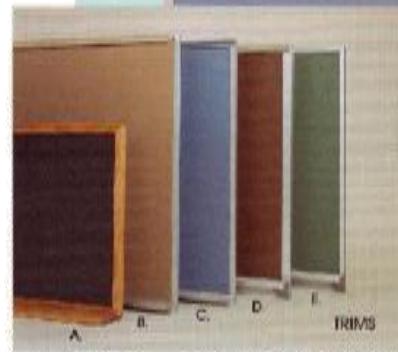

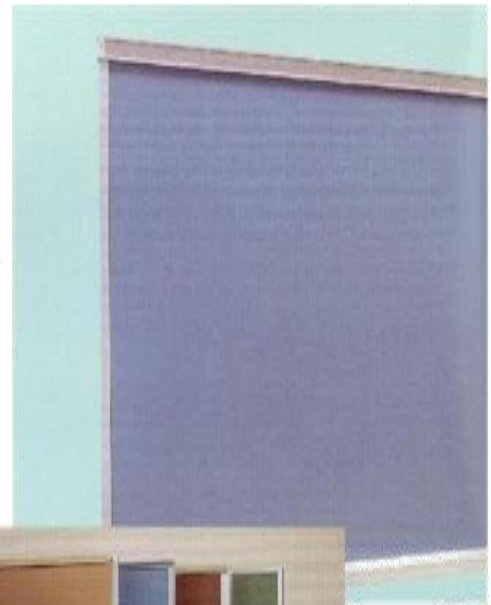

- *PORCELAIN-ON-STEEL WRITING SURFACES COMPLETE WITH LIFETIME WARRANTIES

- *STRONG HEAVYWEIGHT VINYL & FABRICS OF LASTING QUALITY

AND WE CAN CUSTOM BUILD A STYLE OR COLOR TO ALLOW YOU THE MAXIMUM FLEXIBILITY IN DESIGNING YOUR OFFICE, CLASSROOM OR DISPLAY AREA.

BUT THE MOST IMPORTANT THING IS THE CRAFTSMANSHIP THAT WE BUILD INTO CUSTOM MANUFACTURED PRODUCTS. THE NOTICABLE DIFFERENCE IN CORNERS THAT FIT TIGHT AND SMOOTH. ALL OPERATING PARTS WORKING QUIETLY AND SMOOTHLY. DOORS AND LOCKS THAT FIT EVENLY AND TIGHT.

IT'S THE ATTENTION TO DETAIL. FROM CUSTOM DESIGN TO PROTECTIVE PACKAGING FOR DELIVERY, THAT MAKE THE DIFFERENCE.

TACKBOARDS

CHOOSE FROM 5 DIFFERENT FACINGS

- NATURAL CORK (THE TRADITIONAL SURFACE)
- KROMMENIE CORK (WASHABLE, DURABLE, 12 COLORS)
- VINYL FABRIC (DURABLE FABRIC IN ANY COLOR)
- PANEL FABRIC (WARM DESIGNER LOOK)
- HOOK FABRIC (VELCRO DISPLAY FABRIC)

CONSTRUCTION CHOICES

- CORK ON MASONITE
- CORK ON FIBERBOARD
- FIBERBOARD
- OPTIONAL* .005" FOIL LAMINATE PREVENTS WARPING

Styles:
• Available with wrapped edge, aluminum or wood trim

MARKERBOARDS

Our Markerboards are made of high quality porcelain-on-steel construction. They are also Magnetic for multi use and Dust-free for offices and computers where chalk is less desirable.

MOBILE AND FREESTANDING BOARDS

Select the style that works best for you

- Revolving or fixed boards up to 12'
- Available as: Marker, Tack, Chalk and Combination Boards
- Optional full bottom panel for additional privacy
- Full perimeter frame and reinforced corners for lasting strength
- Offered with or without casters for extra mobility from place to place

VERTICAL AND HORIZONTAL SLIDING BOARDS

Maximize your usable space with sliding boards built out for your room. Tackboard, Chalkboard, Markerboard or any combination of multiple sliding panels can be assembled to expand wall space. Can be installed with fixed back panel or open back to provide access to storage or additional display.

VERTICAL SLIDING BOARDS

-Counterweighted design with aerospace quality moveable parts provide smooth, quiet operation and long life.

HORIZONTAL SLIDING BOARDS

-Available in hanging roller or bottom sheave design. Comes in sizes ranging from wall to wall to full height wall panels

Bulletin and Directory Cases

These slimline cases are only 2" thin and available with changeable letter directory or tackboard panels. Sized to fit your requirements. Bulletin cases can be wall mounted or furnished with frame style trim for recessed installs.

Directory Letters

- Available in sizes 1/4" - 3"
- Available in White or Color

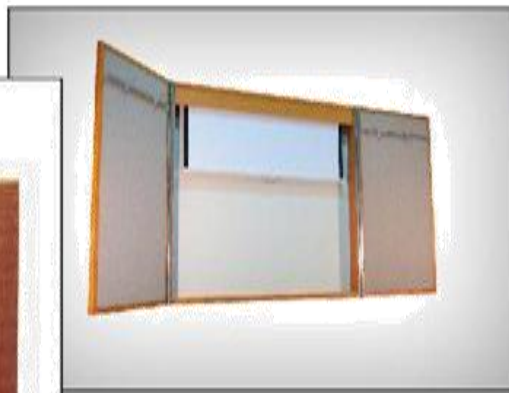

WALL HUNG CASES

Traditional wall mounted style combined with a unique system of internal reinforcements that will maintain the appearance of this case over years of service. Intermixed-tubing styles are able to provide a variety of designs. Glass arrangements can be varied as well to provide even greater variety in design.

RECESSED CASES

A flush mounted case front constructed of heavy duty aluminum extrusions designed to fit together with interlocking angles that keep the miter tight and smooth. Three versions of recessed cases are available depending on your design and size requirements. All are available as case-fronts only or complete, with box and hardware.

LECTURE CASES
